Emerging Technology Adoption Interview Guide

For Manila Manufacturing Corporation (MMC)

Prepared by: Jhayen Evangelista

Course: Computer Science

Date: September 11, 2026

Instructor: Johneros Puyo

I. Introduction / Interviewer Instructions

Purpose of the Interview

This interview guide is prepared for Manila Manufacturing Corporation (MMC), a medium-sized company that produces consumer goods. The purpose of the interview is to understand MMC's current operations, problems, technology knowledge, and readiness to use emerging technologies.

The information gathered from the interview will be used to identify which emerging technologies may help MMC improve its production, efficiency, decision-making, and competitiveness.

The interview will focus on the emerging technologies discussed in Module 1, including **Artificial Intelligence (AI), Machine Learning, Augmented Reality (AR), Internet of Things (IoT), Cloud Computing, Big Data Analytics, and Quantum Computing.**

II. Interviewee Information

Information	Response
Name of Interviewee	_____
Position/Job Title	_____

Department	_____
Years Working at MMC	_____
Date of Interview	_____
Interviewer	_____

III. Background and Current State

1. Can you briefly describe MMC's current production process?

Response/Notes:

2. What are the biggest problems or challenges that MMC currently experiences in its daily operations?

Response/Notes:

3. Does MMC currently use technology to automate any part of its production process?

- ☐ Yes
- ☐ No
- ☐ Not sure

If yes, what technology is being used?

4. Which part of the production process do you think needs the most improvement? Why?

Response/Notes:

Follow-up:

- Why do you think this area needs improvement?
- How does this problem affect production?

5. Does MMC currently collect data from its production or business activities?

- ☐ Yes
☐ No
☐ Not sure

If yes, what type of data is collected?

IV. Technology Awareness and Readiness

6. How familiar are you with the idea of emerging technologies?

- ☐ Not familiar
☐ Slightly familiar
☐ Moderately familiar
☐ Very familiar

7. Which of the following technologies are you familiar with?

- ☐ Artificial Intelligence (AI)
☐ Machine Learning
☐ Augmented Reality (AR)
☐ Internet of Things (IoT)
☐ Cloud Computing
☐ Big Data Analytics
☐ Quantum Computing
☐ None

8. Does MMC currently use any of these emerging technologies?

- ☐ Yes
☐ No

☐ Not sure

If yes, which ones?

9. How open do you think MMC is to adopting new technologies?

- ☐ Not open
- ☐ Slightly open
- ☐ Moderately open
- ☐ Very open

Why did you choose this answer?

10. What do you think could prevent MMC from adopting emerging technologies?

Response/Notes:

Follow-up:

- Is cost a major concern?
 - Are employees prepared to use new technology?
 - Are there other concerns?
-

V. Industry and Competitive Analysis

11. Do you think emerging technologies can help MMC compete with other manufacturing companies?

- ☐ Yes
- ☐ No
- ☐ Not sure

Why?

12. What changes in the manufacturing industry do you think MMC needs to prepare for?

Response/Notes:

13. Do you think other companies in the manufacturing industry are already using emerging technologies?

- ☐ Yes
- ☐ No
- ☐ Not sure

If yes, what technologies have you observed?

14. In your opinion, what benefits could MMC gain from using emerging technologies?

Response/Notes:

Follow-up:

- Could it improve efficiency?
 - Could it reduce costs?
 - Could it improve production or decision-making?
-

VI. Specific Technology Areas

A. Artificial Intelligence (AI)

15. Do you think Artificial Intelligence could be useful in MMC's operations?

- ☐ Yes
- ☐ No
- ☐ Not sure

Why?

16. What tasks or problems at MMC could possibly benefit from AI?

Response/Notes:

Follow-up:

- How could AI help with that task?
 - What result would you expect?
-

B. Machine Learning

17. Would MMC be interested in using systems that can learn from previous data and experiences to improve their results?

- ☐ Yes
- ☐ No
- ☐ Not sure

18. Where do you think Machine Learning could be useful in MMC?

Response/Notes:

Follow-up:

- Could it help identify patterns?
 - Could it help improve production decisions?
-

C. Internet of Things (IoT)

19. Does MMC have machines, equipment, or other devices that could benefit from being connected and sharing information?

- ☐ Yes
- ☐ No
- ☐ Not sure

20. How could IoT devices or sensors help MMC's production process?

Response/Notes:

Follow-up:

- What information would you want to monitor?
- How could real-time information help employees?

D. Cloud Computing

21. Does MMC currently use cloud-based services for storing or accessing information?

- ☐ Yes
- ☐ No
- ☐ Not sure

22. Would MMC consider moving some of its data or systems to cloud computing?

- ☐ Yes
- ☐ No
- ☐ Maybe

Why?

E. Big Data Analytics

23. Does MMC have a large amount of data from production, customers, machines, or other business activities?

- ☐ Yes
- ☐ No
- ☐ Not sure

24. How could analyzing large amounts of data help MMC make better decisions?

Response/Notes:

Follow-up:

- What information would be most useful?
- Would real-time data be helpful?

F. Augmented Reality (AR)

25. Do you think Augmented Reality could be useful for MMC employees?

- ☐ Yes
- ☐ No
- ☐ Not sure

26. Which activities could benefit from AR, such as repair instructions, warehouse work, or employee training?

Response/Notes:

Follow-up:

- How would AR make the task easier?

- What information should be shown to the employee?
-

G. Quantum Computing

27. Have you heard of Quantum Computing before this interview?

- ☐ Yes
☐ No

28. Do you think MMC could benefit from Quantum Computing in the future?

- ☐ Yes
☐ No
☐ Not sure

Why?

VII. Skills and Capacity

29. Does MMC currently have employees with the skills needed to work with emerging technologies?

- ☐ Yes
☐ No
☐ Not sure

30. What technology-related skills do you think MMC employees need to develop?

Response/Notes:

31. Would employees be willing to undergo training for new technologies?

- ☐ Yes
- ☐ No
- ☐ Maybe

Why?

32. Does MMC have an IT team or technical personnel who could support the implementation of new technologies?

- ☐ Yes
- ☐ No
- ☐ Not sure

Additional Notes:

VIII. Budget and Implementation

33. Does MMC currently have a budget for technology improvements or digital transformation?

- ☐ Yes
- ☐ No
- ☐ Not sure

34. What factors would MMC consider before spending money on an emerging technology?

Response/Notes:

Follow-up:

- Cost?
- Expected benefits?
- Employee training?
- Maintenance?

- Compatibility with current systems?

35. Would MMC prefer to test a new technology on a small scale before using it throughout the company?

- ☐ Yes
- ☐ No
- ☐ Maybe

Why?

36. What challenges do you expect during the implementation of emerging technologies?

Response/Notes:

37. How much time do you think MMC would need to prepare employees and systems for a new technology?

- ☐ Less than 3 months
- ☐ 3–6 months
- ☐ 6–12 months
- ☐ More than 1 year
- ☐ Not sure

Additional explanation:

IX. Overall Readiness

38. How would you rate MMC's overall readiness to adopt emerging technologies?

- ☐ Not ready
- ☐ Slightly ready

- ☐ Moderately ready
- ☐ Very ready

39. What would MMC need to improve before adopting emerging technologies?

Response/Notes:

40. If MMC could adopt only one emerging technology first, which one would you choose?

- ☐ AI
- ☐ Machine Learning
- ☐ AR
- ☐ IoT
- ☐ Cloud Computing
- ☐ Big Data Analytics
- ☐ Quantum Computing

Why did you choose it?

X. Closing

Final Question

41. Is there anything else you would like to share about MMC's technology needs, challenges, or plans for the future?

Response/Notes:

Closing Statement

Thank you for taking the time to participate in this interview. Your responses will help TechVision Consulting Inc. understand MMC's current situation and identify emerging technologies that may be suitable for the company's future needs.

The information collected will be used as part of the assessment for the **Technology Adoption Recommendation Report**.

XI. Interviewer's Overall Notes

Main problems identified:

Technologies currently being used:

Most promising technology for MMC:

Main barriers to adoption:

Skills/training needed:

Budget concerns:

Overall readiness:

- ☐ Low
- ☐ Moderate
- ☐ High

Other observations:

XII. AI Checker and Grammarly Results

Important: The actual scores should be obtained by running the finished document through the required tools. I wouldn't recommend putting a made-up percentage here.

AI Checker Result

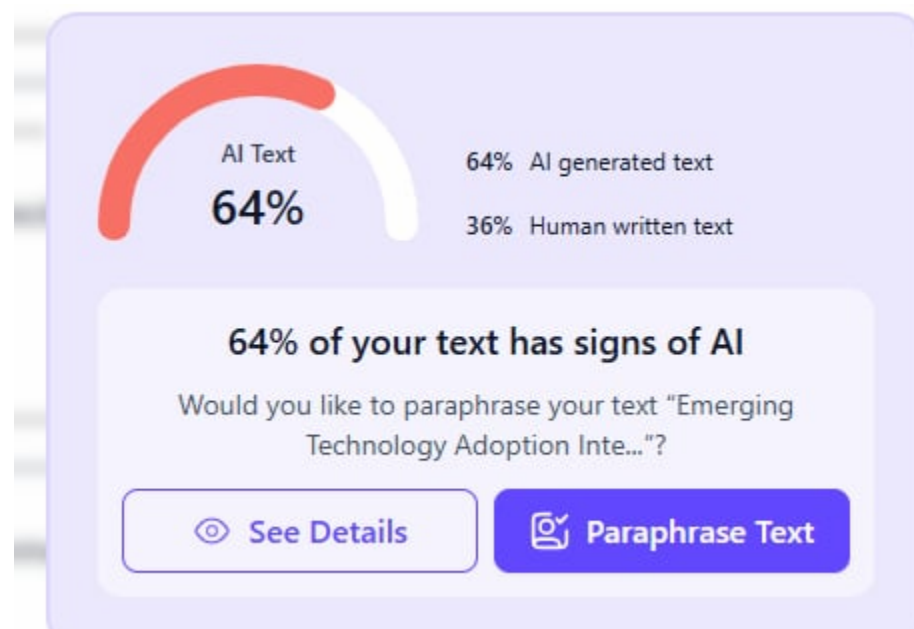

Tool Used: TEXTGUARD

Date Checked: SEPT 12

Result: 64%

Screenshot/Proof:

Insert screenshot of the actual AI checker result here.

Grammarly Result

Tool Used:TEXTGUARD

Date Checked: SEPT 12

Overall Result/Score: 98%

Screenshot/Proof:

Insert screenshot of the actual Grammarly result here.

RUBRIC FOR EVALUATION:

Criteria	Excellent	Good	Satisfactory	Needs Improvement	Score
Completeness of Sections	All 9 sections complete and well-organized	7-8 sections complete	5-6 sections complete	Less than 5 sections	/15
Question Quality	Questions are clear, relevant, and probing	Most questions clear and relevant	Some questions unclear or irrelevant	Many questions unclear or irrelevant	/15

Coverage of Technologies	ALL emerging technologies covered thoroughly	Most technologies covered	Some technologies covered	Few technologies covered	/25
Alignment with Scenario	Questions perfectly match the MMC scenario	Questions mostly match the scenario	Some questions match the scenario	Questions do not match the scenario	/10
Open-Ended Questions	Excellent mix with effective probes	Good mix with some probes	Some open-ended questions	Few open-ended questions	/10
Professional Format	Very professional, clean, and organized	Professional with minor issues	Somewhat professional	Disorganized or messy	/15
Practicality	Questions are practical and usable	Most questions are practical	Some questions are practical	Questions are impractical	/10

TOTAL SCORE /100
